My daughter is The Electroencephalographer Couldnt Cry months and has just recently started with these spells, she hasnt passed out on me just yet but as im learning more about it chances are its eventually gonna happen and Im totally terrified about that!!!! I truly believe that being there, massaging shoulders or calves, reminiscing out loud, retelling old stories, playing familiar music, and asking them to respond to you does a world of good. Hehavehardtimeconnectingemotionally,alsohecannotmultitaskanymore. Hello guys. Having a loved one who is in a vegetative or minimally conscious state can be physically and emotionally draining. Added: March 23, Reply. Peopleinaminimallyconsciousstatedothesethingsinconsistently.Chang Dr. My older daughter only did it once but it still scares me.
