Admissions Criteria and Process We admit candidates to specific sessions on a rolling, space-available basis, and encourage you to apply as early as possible. Business partners and centers of excellence will become the heart of the function, with permeable organizational borders that allow them to build effective relationships and accelerate data and information flows to and from external stakeholders, such as technology partners. Tuesday, May 07 Kristian has a banking background, having worked for Citibank and beginning his professional career as an Equity Research Analyst. With the rise of RPA the roles within the finance function are beginning to evolve faster than ever before, making it possible for accountants to provide the meaningful, real-time data we need to make timely, well-informed decisions and deliver direction.
