The content of those letters is unknown. By Ruth Graham. It was a habit he would adhere to for many decades. In contrast to joining the church, she joined the ranks of the writers, a poet. In January of that fateful year, astronomer Edmund Halley—of comet fame—had sat at a meeting of the Royal Society of London, an influential learned society dedicated to science, discussing a hot issue of the day with two of his colleagues. Humphrey solves the problem by escaping his cage and unplugging the television. By the late s the poems as well as the letters begin to speak with their own distinct voice. Emily Dickinson died in Amherst. Although little is known of their early relations, the letters written to Gilbert while she was teaching at Baltimore speak with a kind of hope for a shared perspective, if not a shared vocation. The Moon is distant from the Sea —
