Rather than soul purification for healing, he proposed that a healthy body needed certain chemical and mineral balances. About half an hour after the last observation a fog appeared, and was soon of sufficient density to obscure the Moon : the fog still continues : on the appearance of the fog the thermometer began to rise. Meanwhile, the droppings of dogs and crows were prized for treating colic and dysentery, respectively. These sketches were a combination of Italian and Gothic art. As antiseptics had not yet been invented this method led to an increased fatality rate and was abandoned by medical professionals of the time.
